Beverly Hospital Registered Nurses Bargaining Update

May 5, 2011

CONGRATULATIONS!!!

To all of us, the Beverly Hospital Registered Nurses, for successful completion of our first day of bargaining.

The membership turned out in force to energize the room and emphasize our union solidarity to management. **The presence of so many supporters inspired confidence and determination of the Bargaining Team** to reach our goal of achieving a strong Collective Bargaining Agreement.

Our bargaining team presented 11 proposals while management responded with some rigid management driven proposals. Our team will review and prepare counter proposals for our next negotiation session to be held May 26.

Management cancelled the session previously scheduled for May 27. Our team added future dates on June 2, 9 and 16 to continue bargaining.

Next Bargaining Dates:

May 26

May 27 (canceled by management)

June 2, 9 & 16
